

Media Right SAS

Custom Italian frame and retractable oil painting conceal a flat screen television.

A leader in intelligent automated systems for home and business, Media Right provides superior system design, installation, training and service in the area of audio/video integration. Whether you are looking for a simple all-in-one remote control, a complete audio/video system throughout the home, or a dedicated home theatre, Media Right offers the latest technology available.

Media Right's strength lies in understanding their customers – knowing what they need today, and what they will need in the future – all while maintaining the aesthetic appeal of the home. Media Right offers state-of-the-art stealth solutions such as custom designed Italian frames with mounted oil canvas artwork and integrated speaker systems. For technology that seamlessly blends with and complements the existing décor, no one does it better than Media Right. ■
